

## BUSTER POWDER DRAIN CLEANER

### PRODUCT USE

Buster is an alkali powder for opening blocked drains

### PRODUCT DESCRIPTION

Form : Free flowing powder  
Colour : White with aluminium flecks  
pH : 14.0 (5% Sol)

### DIRECTIONS

Pour neat into the drain. Allow time for reaction with the blockage, and then flush with water  
After pouring Buster into the drain - stand well away as extreme heat is generated when the reaction occurs

### PRECAUTIONS

- \* Keep out of reach of children
- \* Harmful if swallowed
- \* Corrosive – contains Sodium Hydroxide (Caustic)
- \* Not to be used on alloy surfaces – will corrode
- \* Avoid contact with skin and eyes
- \* Wear PVC gloves when working with Buster

### FIRST AID

Eyes Irrigate with eyewash solution or clear water holding eyelids apart.  
Flush for at least 15 minutes

Skin Avoid skin contact; if this occurs, rinse with copious quantities of clean water  
Apply a weak vinegar solution until burning subsides

Inhalation Remove the patient from exposure

Ingestion Wash out mouth with water and give 200-300ml of water to drink  
Do not induce vomiting.

**Note** If irritation or discomfort persists consult a Physician
