

ENCOMPASS

HIGHLY FORMULATED OVEN/GRIDDLE CLEANER

PRODUCT USE

Encompass is a liquid cleaner used in kitchens for the removal of grease. It is a blend of various cleaning and emulsifying agents which together are particularly potent in dissolving and removing food derived oils and greases. Encompass should not be used on aluminum surfaces. Suitable for use in a food processing facility.

PRODUCT DESCRIPTION

| | | |
|--------|---|-------------------------|
| Form | : | Liquid |
| Colour | : | Clear Dark Brown |
| Odour | : | Faint traces of solvent |
| pH | : | 14.0 |

DIRECTIONS

Spray a light film over the area to be cleaned and allow the product to penetrate for one to five minutes. Use damp cloth to wipe off the dissolved grease. Encompass can be diluted at a ratio of 1:2 or through Hychem's automatic dispensing systems. Encompass works best when applied to a warm surface 50 –60 degrees.

PRECAUTIONS

- * Keep out of reach of children
- * Harmful if swallowed
- * Corrosive – contains Sodium Hydroxide (Caustic)
- * Not to be used on alloy surfaces – will corrode
- * Avoid contact with skin and eyes. Wear the appropriate protective gear
- * Wear PVC gloves when working with Encompass

FIRST AID

| | |
|------------|--|
| Eyes | Immediately flush eyes with plenty of water for at least 15 minutes |
| Skin | Avoid skin contact. If this occurs, flush with large quantities of clean water, then apply a weak vinegar solution until burning subsides. If this persists consult a physician immediately. |
| Inhalation | Remove patient from exposure |
| Ingestion | Wash out mouth with water and give 200-300ml of water to drink. Do not induce vomiting. |

Note: *If irritation or discomfort persists consult a Physician*

All Hychem products should be used in accordance with the manufacturer's instructions. While every effort is made to ensure the consistent quality of these products no warranty is given or implied in connection with any recommendations or suggestions made by the company, or its employees as every possible variation in the method of use cannot be anticipated.
