

OVENEASE

A NON-CAUSTIC OVEN AND GRIDDLE CLEANER

PRODUCT USE

Ovenease is a liquid cleaner used in kitchens for the removal of grease. It is a blend of various cleaning and emulsifying agents which together are particularly potent in dissolving and removing food derived oils and greases.

PRODUCT DESCRIPTION

Form : Liquid

Colour : Clear Yellow liquid

pH : 12-13

Foam : Slight

DIRECTIONS

Spray a light film over the area to be cleaned and allow the product to penetrate for one to five minutes. Use a damp cloth to wipe off the dissolved grease. Ovenease works best when applied to a warm surface (50-60 degrees)

PRECAUTIONS

- * Keep out of reach of children
- * Harmful if swallowed
- * Avoid contact with eyes and skin
- * Wear protective clothing i.e. gloves when handling the product

FIRST AID

Eyes: Irrigate with eyewash solution or clear water holding eyelids apart for at least 15 minutes

Skin: Avoid skin contact. If it occurs, remove contaminated clothing.

Flush skin with copious quantities of water, and then apply a weak solution of vinegar until the burning subsides.

Ingestion: Wash out mouth with water and give 200-300ml of water to drink. Do not induce vomiting.

Inhalation: Remove patient from exposure.

The seller makes no warranty, expressed or implied, concerning the accuracy or any results to be obtained from the use of any information and no warranty expressed or implied concerning the use of the products other than indicated above. The buyer assumes all risks of use and/or handling. No statement is intended or should be construed as a recommendation to infringe any patent
